

product data sheet

HDMI 8K Adapter Set 4 pcs.

HDMI adapter upwards: Ideal for hard-to-reach ports on projectors, soundbars and the backs of devices
HDMI adapter downwards: Creates space for wall-mounted TVs and protects the connection with clever angled installation
HDMI side adapter: Routes the HDMI cable to the side for better cable routing in confined rear areas and wall mounting
HDMI coupler: Connects two HDMI cables to form a stable signal path, ideal for longer distances or system conversions
